SCOUT REPORT

1) TECHNICAL OVERVIEW- 8/10

- Confident ball control in most areas of the pitch.
- Composed and wants to take on defenders 1v1, happy to dribble and use pace and skill to beat the defender.
- Fairly good finishing but likes to be the passer of the ball in the attacking areas of the pitch, including central and wings.
- Good range of passing, prefers through passes and crosses.
- Capable to turn with the ball very fluently and create chances.

2) TACTICAL OVERVIEW- 7/10

- Good presence of mind to find team-mates in attacking phases.
- Likes to go away from the defender as well as beat them on 1v1.
- Likes to drift wide to put crosses and create chances for strikers.
- Plays with a positive mentality.
- Likes to go in between channels to find space and create attacking chances.
- Can do better when it comes to attacking inside the box to create more threat for opposition.
- Does not display too much short passing but certainly capable of different styles of passing.

3) PHYSICAL OVERVIEW- 8/10

- good movement off the ball to create space and runs into attacking positions.
- Maintains fairly good balance in most cases to beat the defenders and take the shot.
- Can be a fairly good player for heading the ball for passing and scoring.

- Has good speed and acceleration to beat defenders when dribbling along with off the ball movement. His speed can be useful in the wide attacking spaces along with midfield to attack transition.
- Fairly good strength considering the age, something to monitor going forward.

4) SOCIAL OVERVIEW- 7/10

- A team player likes to pass the ball to create chances.
- Hungry to create goals.
- Fairly cohesive with team-mates to turn possession into goal scoring opportunity. Can develop more in this aspect.
- Positive attitude in most games, creating a good impact on the team.
- Scope to develop more leadership skills going forward.
- Highly influential when it comes to receiving the ball and making something happen.
- Not scared to lose or receive the ball, regardless of the situation.
- Mature decision making with teammates, considering the age.
- Can be developed into different kinds of midfielders going forward.
